## What Happened to Aziz?

### QUICKWRITE

#### PREPARE

- Discuss what happened when the staff met at the end of *After the Storm: Day One*. Make sure students recall that Aziz did not show up for the meeting and that *The Daily Byte* staff members were worried.

#### ASSIGN

- Tell students they'll be writing one paragraph describing what might have happened to Aziz.
- On the board, write these story points students should consider before writing their description:
  - » When last seen, Aziz was about to go out to photograph storm damage.
  - » Aziz promised he'd be back for the staff meeting.
  - » Hurricane Dante damaged buildings.
  - » The power is out in most of Port Douglas.
  - » Lots of trees fell down.
  - » Flooding is so bad that people have to be rescued.
- Using any of the points on the board, students can be as creative as they'd like in their paragraph descriptions of what they think happened to Aziz.
