

BrainPOP Welcome Kit with School and Home Resources

Welcome to [BrainPOP!](#)

It's easy to start using BrainPOP in your classroom, school, district, or home right away. Just take advantage of the various resources we've created to make integration a snap.

First, we encourage you to visit our free teacher support site, [BrainPOP Educators](#). There, you'll find an ever-expanding collection of invaluable tips and tools like lesson plans, graphic organizers, webinars, and other professional development resources. Then, check out the following links – and share them with anyone else who uses [BrainPOP](#) in your learning environment.

GETTING STARTED

[A Movie About BrainPOP](#)

Tim and Moby take you on a tour of BrainPOP, highlighting its key features, providing background information, and showing you how to navigate with ease. We also offer individual screencasts to give you a more in-depth look at some of our resources including GameUp, the Mixer, BrainPOP Educators and more.

[Getting Started Guide](#)

A step by step guide for new BrainPOP users.

[Spread the Word Kit](#)

Let your [colleagues](#) and students' [parents](#) know they've got access to BrainPOP. Create customized letter templates and tools to spread the word about your new subscription.

[BrainPOP Topics](#)

Planning your lessons has never been easier! Turn to this expansive list of topics from every subject area, with direct links to the relevant movies and interactive resources.

[Academic Standards Tool](#)

Quickly find the topics you need for your lessons using our Academic Standards tool. All BrainPOP topics and GameUp games are aligned to state standards and mapped to Common Core.

[Lesson Ideas](#)

Search less, find more! Every BrainPOP topic page includes a Lesson Ideas button that will take you to a collection of relevant teacher support resources housed on BrainPOP Educators.

Webinars and Videos

Participate in a [live webinar](#) or view a previously recorded one. Our webinars cover a range of timely topics and are geared towards both new and experienced users. We suggest [New to BrainPOP, No Problem!](#) and [A BrainPOP Overview](#). Be sure to check out our collection of [screencasts](#) and [tutorials](#) for quick tips on using BrainPOP and its features in the classroom.

BEYOND THE MOVIES

Got Game?

[GameUp](#), gives you a whole new way to introduce or review a concept – its games are aligned to Common Core and individual state standards, tie right in to what you're teaching, engage students, and help them learn in a way that's meaningful to them. Need some tips on using games in the classroom? Each GameUp game has a related lesson plan and teaching strategies to guide you.

The Mixer

Create and remix your own custom BrainPOP quizzes with the Mixer when you have a 24/7 School subscription and a My BrainPOP account. Choose from our collection of BrainPOP created and user-generated questions or create your own.

My BrainPOP

Create classes and record student activity from game play, quizzes, activities, and more. Available to users with a 24/7 School subscription and an individual My BrainPOP account.

Help Desk

Visit our comprehensive Help section for support and FAQs. If you still need assistance, don't hesitate to call us toll free at 866.542.7246.

BRAINPOP AT HOME

If your subscription includes 24/7 access for students and parents, help extend learning at home. Plus, our activities are fun for the whole family!

Game Show Each BrainPOP movie includes a quiz to assess comprehension. Parents can turn taking the quiz into a family game show by having "contestants" press a buzzer or ring a bell as they race to share answers.

Know More Each BrainPOP topic includes a Q & A feature with related questions. Encourage students to write their own question at home and see if they can find the answer on BrainPOP.

Vocabulary Charades Advise students to review vocabulary at home with the Vocabulary Activity Pages associated with each topic. Families can make a charades game out of the topic related words by writing the words and definitions on note cards. Family members can then take turns drawing a note card from a hat and acting out the word.

Did You Know? Delve further into the topic with the FYI feature found on each BrainPOP topic page. This feature provides high quality informational text that can be used to reinforce a variety of reading and comprehension skills. It's great for research, too!

Laugh Out Loud Add a little humor with our Cassie and Rita comic located in each FYI section. Encourage students to create their own comic based on the daily BrainPOP topic.

Spotlight Every month BrainPOP offers two timely "Spotlights," which are collections of themed topics. Have students view the Spotlights' movies at home, then apply what they've learned by producing a digital story with technology-based tools.
