

Fishbone

NAME: _____

DATE: _____

A cartoon fish-shaped fishbone diagram. The fish is orange with a yellow eye and a smiling mouth. The fishbone structure consists of a central horizontal line with three diagonal lines branching off it. Each of these three diagonal lines is connected to a rectangular box. The top-left box is connected to the top-left diagonal line. The top-right box is connected to the top-right diagonal line. The bottom box is connected to the bottom diagonal line. The central horizontal line has five horizontal lines branching off it, three on the left side and two on the right side.
