

Creative Coding Steps: Digital Museum

1. Click the SAY block to see what happens. ☐
2. Drag the SAY block to the Code Editor to start coding. ☐
3. Type words to make them appear in the speech bubble. ☐

4. Add “WHEN THIS SPRITE CLICKED” block to make it interactive. ☐
5. Click the Moby sprite to see the code in action. ☐
6. Experiment with adding more blocks. ☐
7. Click the ADD button on the right to add more sprites. ☐
8. Switch between sprites to code them (e.g., First I coded Moby, now I coded Nat). ☐

9. Add and edit your code to create more dialogue. ☐
10. Add more blocks to code your own museum! ☐
