

Creative Coding Steps: Story

1. Choose a sprite by clicking the **ADD** button on the right.
2. Drag a **SAY** block to the Code Editor to start coding.
Type the words you want the sprite to say.
3. Add a **WHEN FLAG CLICKED** block. Click the green flag.
4. Add a second sprite.
5. Drag a **SAY** block. Type a reply to the first sprite.
6. Drag a **WAIT** block. Change the timing so nobody interrupts.

STEP 6 OF 8 ✕
Drag a **WAIT** block. Change the timing so nobody interrupts.

7. Drag more blocks to add to your story.
8. Try more effects, such as:
 - a. Change sprite size
 - b. Hide on click
 - c. Add a sound
